*Safety Committee Re-Certification and On-Site Audit.

Workplace Injury/Accident Investigations

. There were none to share.

Member Concerns/Comments

Supv. Kreider stated that the AED for the Concession Stand hadn't been installed as of yet, but would be when the weather breaks and it could be scheduled.

Date of Next Meeting

The next meeting date was given as being Thursday, June 11, 2026 @ 9:30am.

*Safety Committee Re-Certification

Once the "Regular Meeting items were attended to, the Meeting was turned over to Charles Baker, w/Inservco, to do our Committee's Re-Certification training. As this was Mr. Baker's first training with the Borough's Committee, he took some time to introduce himself to the Committee, shared his ideas of how he believes a good Safety Committee operates and then proceeded with the training. Some of those ideas were to do away with formal voting and focus on what we're at the Meeting to do, have a Hot Topic – something seasonally related, something to be Proactive about and something to be Reactive about. He also said that he found it more beneficial to have the next Agenda and the Minutes from the Meeting given to the Committee Members as soon after the Meeting as possible. His reasoning was so that Members could share and discuss with other employees and get their feedback before the next monthly Meeting.

Mr. Baker also informed the Committee, that, after the training with the Committee, he would then proceed to do the Borough's On-Site Audit for SMT, which takes place every two (2) years. This had been arranged prior to the Meeting.

Adjournment

With nothing further to discuss, S.C. Chair Ebersole adjourned the Meeting.

The Meeting was adjourned at 11:45 a.m.

Respectfully Submitted,

Debbie H. Ebersole
