Walking to School

- Walk on the sidewalk, if one is available; when on a street with no sidewalk, walk facing the traffic
- Before crossing the street, stop and look left, right and left again to see if cars are coming
- Make eye contact with drivers

Riding a Bike to School

- Ride on the right side of the road, with traffic, and in single file
- Come to a complete stop before crossing the street; walk bikes across the street
- Make sure your child always wears a properly fitted helmet and bright clothing

Riding the Bus to School

- Go to the bus stop with your child to teach them the proper way to get on and off the bus
- Teach your children to stand six feet away from the curb
- If your child must cross the street in front of the bus, teach him or her to walk on the side of the road until they are 10 feet ahead of the bus; your child and the bus driver should always be able to see each other
